RC Freight Forwarders: Catalyst of Transportation and Trade for years

Who is RC Freight Forwarders?

Why should I be aware of them?

What makes them so special?

Yes, we are giving you all the reasons in this article to help you make an informed decision on why you need to pick us over other agencies out there. But before that, let us give you a quick overview of freight forwarders.

Who is a Freight forwarder?

A freight forwarder is responsible for the transportation of goods between one destination and another place. They play a vital role in the movement of goods from one place to another. These act as the essential go-betweens in the import/export process. Not just that, they also assist individuals, commercial organizations, importers, and exporters who need help facilitating their international trading operations.

Now, let me introduce RC Freight forwarders to you. Tada!

*RC Freight Forwarders is one of the leading Customs Broker and Freight Forwarding agencies in South India. We have our head office in Chennai and branch office in Krishnapatnam and Kakinada Ports, on the East Coast of India. As an honour to RC Freight Forwarders' work over the years, the Indian Customs has recognized us by providing the status of **Authorised Economic Operator through certificate INADDP2544J0F187 which is very similar to PIP, CTPAT, ACP programs.***

Our overall experience is not only limited to the handling of consignments but also other aspects of the trade such as breakbulk and containerized cargo of edible crude oils, structural, chemicals, machinery, and general cargo. We also have proficiency in handling high sea sales, drawback and refund claims, availing various government benefits through schemes and licenses like *MEIS, SEIS, EPCG, EOU*, etc., Our agency also manages inland road transportation through tie-ups with a network of transport agents who can deliver the product at your doorstep.

We have provided exceptional service over the years to our clients and hold a reputation for delivering every consignment on time. We have a well-qualified, skilled, and dedicated team who are diligent in every step of the process to ensure a smooth and successful transition.

So, you have an idea about us now. Let us, deep-dive, into why you need to pick us. Hear us out and you will know why we are going to be working together soon.

Best working team

Our team of global trade experts provide customized assessments and solutions for issues such as complex compliance, security, and administrative issues that you might be finding hard to tackle. Every single member of our team is well qualified, skilled, and will work dedicatedly in completing your project. Our team will be available for your every query and will fix it no time. Our dedicated team of experts are fluent in customs clearance, trade management, and global logistics, and can scale up as your needs increase.

Novel and best methods

We will work out the best method and route for your freight and ensure that it reaches its destination in an environmentally friendly, safe, most affordable, and fastest manner. We closely work with every client and customize our solutions based on their needs. By getting to know you and your business, we strategize and implement your best global logistics solution.

Ahead of the change

We are well informed and ahead of the changes that can happen in the government's regulation and requirements and will help you to easily adapt to it. We will help you build compliant import/export processes, maximize duty/tax savings, reduce exposure to fines and penalties, and expedite cargo clearance. All our methods are designed to boost supply chain velocity and will increase competitive trade advantage beyond your expectation

Minimum risk and maximum satisfaction

With each new market, it becomes more challenging and complex to navigate the myriad of regulations and paperwork just to get your products across borders. Errors and non-compliance can result in delays and penalties and sully your reputation. But here is where RC Freight forwarders will come to your rescue. We minimize risk and maximize success by understanding your needs and executing them in the best possible way.

MORE THAN CLIENT

We respect every client and handle every single project with the utmost care. We offer them our undivided attention and ensure meeting their requirements successfully. We view them beyond the perspective of just a client and ensure their reputation is well intact during every stage of the process. At the end of the project, you will realize how supportive and accommodating our team can be for your every request.

These are not just words but promises which have been fulfilled. The testimonials on our website are stand-alone examples for our promise and you will never forget this team easily. RC Freight Forwarders always here to offer the best value addition to you and your team! Talk to us today!
